Accent your home with light

This trio of Philips Smartspot Albireo LED recessed spots in metal match any style of décor. The spots focus the warm white light precisely - perfect for accent lighting. The advanced LEDs are very bright but use little energy.

Designed for you living- and bedroom

- Create a stylish and welcoming atmosphere
- Perfect to relax and socialise

Sustainable light solutions

- High quality LED light
- Energy saving
- Warm white light
- Long operating life up to 15 years

PHILIPS

Highlights

High quality LED light

The LED technology, integrated into this Philips lamp, is a uniquely developed solution by Philips. While instantly turned on, it enables an optimal light output and brings out vivid colors in your home.

Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Long operating life

A light source you can trust. The integrated LEDs, used in this Philips LED lamp, will last up to 15,000 hours (which equals 15 years on basis of an average use of 3 hours / day with an amount of at least of 13,000 on/off switching cycles). It feels so comfortable to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambiance in your home.

Create a stylish atmosphere

This light is designed around the latest tastes, trends and lifestyles to blend effortlessly into your décor and define the localised ambiance you have always desired.

Perfect to relax and socialise

The living room is the heart of any home - a place where families gather to relax and guests socialise. Lighting for your living- and bedroom has to be flexible and easy to adjust to its different uses throughout the day. Careful placement of different light sources and playing with light layering helps create the feeling of space and to give the room a warm and welcoming feel.

Specifications

Design and finishing

- Material: aluminium
- Color: aluminium

Extra feature/accessory incl.

- LED integrated

Product dimensions & weight

- Length: 8.4 cm
- Width: 8.4 cm
- Net weight: 0.501 kg
- Recessed distance: 5.5 cm
- Cut out length: 6.7 cm
- Cut out width: 6.7 cm

Technical specifications

- Mains power: Range 220 V - 240 V, 50-60 Hz
- Bulb technology: LED, 230 V
- Number of bulbs: 3
- Wattage bulb included: 4 W
- Maximum wattage replacement bulb: 4 W
- Light color: warm white
- Lamp lifetime up to: 15,000 hrs
- Total lumen output fixture: 420 lm
- Fixture dimmable: No
- LED
- Built in LED
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: II - double insulated
- Light source equivalent to traditional bulb of: 35 W

Service

- Warranty: 1 year(s)
